

web!MASTER – HTML Media Player  
With HTML5 support

web!Master HTML Media Player

## Data Sheet

**web!MASTER is a media player based on Raspberry Pi3 for displaying HTML- or HTML5-structured information in industrial or commercial applications. This includes web pages loaded from Internet or Intranet and information provided by Content Management Systems or other computer systems.**

Connect the web!MASTER to the HDMI or DVI port the your monitor and it will display the web page in full screen mode which has been entered into the configuration form. A reliable and cost-efficient way to show HTML-based content without spending time and money for regular administration.

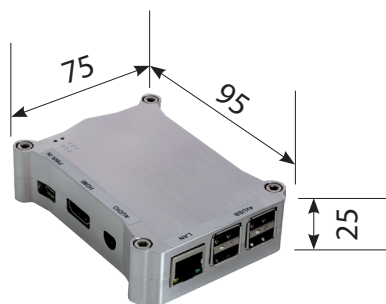

There is no need for expensive monitors with integrated PC and ongoing administration of an operating system for such a simple application like displaying a web page. The small but powerful web!MASTER is a reliable solution for displaying HTML based content and helps to cut administration costs.

### Your advantage

- Suited for all display sizes with a resolution of 1920 x 1080 pixels (FHD).
- Simple and easy installation due to the small size of the chassis.
- The massive milled aluminium case with integrated cooling domes guides heat to the surface and keeps the system in a comfortable temperature range, even at high CPU loads.
- Browser installed: Chromium.
- Periodical refresh of the web page.
- Time controlled functions to switch the display on/off.
- Configuration with Internet Browser via LAN.

## Technical specification

<b>Product</b>	Model	<b>web!MASTER</b>
	Order number	9000019
<b>Controller</b>	Architecture	Raspberry PI® ARMv8
	Type	Quad-Core Cortex-A53, 1.2 GHz
<b>Software</b>	Operating system	Linux (read-only)
	Application	Display of web pages
	HTML5 support	Yes
<b>Interfaces</b>	LAN	RJ45, 100 MBit
	Video	HDMI
	Audio	Analogue stereo 3.5 mm jack
	USB	4 x USB 2.0
<b>Power supply</b>	Voltage	5V DC, micro USB
	Power consumption	< 5 Watt
<b>Environment</b>	Operating temperature [°C]	0 to +40
	Operating humidity [%]	20 to 90, non condensing
<b>Mechanical</b>	Housing	Aluminium black
	Dimensions [mm]	95 x 25 x 75 [L x H x D]
	Weight [g]	230
<b>Certification</b>	CE	Class A
	FCC	Class A

**Shipment:**

web!MASTER, power supply 100-240 V AV, 5V 2,5A DC, quick start guide.

**Note:**

A HDMI-HDMI or HDMI-DVI cable and a LAN cable is required for operation. Cables are not included in the shipment.
